

ACADEMIC PROGRAM AUDIT

An academic audit provides a summary of a student's academic status to date and lists the courses to be completed in order to receive a degree. Students can request an official academic audit from the Office of Academic Affairs after they have earned a minimum of 60 credit hours (90 credit hours for Architecture majors) and have completed at least one semester at Illinois Institute of Technology. Students may request an official academic audit through the UGAA website (<https://web.iit.edu/ugaa/services/academic-program-audits>).

Students may also review academic progress towards their degree through Undergraduate Degree Works in the Academic Affairs channel in the MyIIT portal. **Please note that Degree Works is not an official report for academic progress.**
